

Dear Colleague,

On behalf of the Organizing Committee we would like to take this opportunity and invite you for the 7th Brano Heart Failure Forum which will be held from 17th – 20th September, 2014 in Opatija, Croatia (www.7brano-hff.org).

It is not the first time, that some of the activities of the Brano Forum take place in Croatia which resulted in remarkable improvements of the Heart failure treatments attracting surgeons, cardiologists, perfusionists, HF nurses and other specialties

To bring the basic mission of the Brano Hear Failure Forum as close as possible to different subgroups of medical profession we have prepared some pre congress events.

The one which will provide vital information, inspiration and motivation is the **One-Day Symposium on Transplant and VAD Coordination-Eurotransplant and USA Experience**. The Symposium is scheduled for the 17th, September 2014, and we believe that will attract transplant coordinators from the whole region.

Our keynote speakers will be from the Eurotransplant Headquarters in Leiden and from the University of Texas, Houston, Tx, USA .The whole Course is organized in cooperation with the Ministry of Health and Social Welfare of the Republic of Croatia, Department of Transplantation and Biomedicine.

We would be extremely happy if you can make it to the Symposium and be a part of the whole Forum, both the scientific as well as the social part of the event and that you will bring back only good memories and taste of Croatian hospitality and culture.

We look forward to welcoming you in Opatija
